- **TAC Role as Advisory Body & Meeting Requirements**

CAP Goals & Objectives

1. Recommend policy goals and investment priorities/opportunities.
2. Address safety, congestion, maintenance, and environmental concerns related to increased corridor usage.
3. Identify potential study area gaps in transportation safety and mobility along the corridor.
4. Provide recommendations on needs, infrastructure improvements, route alternatives, additional studies or analyses needed, policy or law changes, and funding/partnership opportunities to help develop projects recommended in this study.

Discussion Objective

- Facilitate TAC Member dialogue with the project team, DOT&PF, and each other, focused on information presented at the July 26th work session, and shared via email on July 27th.
